ODD CASE.

Man Wants to Get Possession of His Own House.

An interesting case will come up in one of the magistrate's courts in a short time, unless an interested citizen objects and requires the house of another. He wanted the residence, which is a handsome one in the West End, and it is claimed by the owner that it was with the understanding that he was to move out should the house be sold.

The case has now been sold the house and given the occupant notice to move out. But he will not do it, and it is said he has declared his intention of holding the house, in which event an interesting law suit will interest some of the concerned parties.

AN ELKS HOME

First Steps Taken to Secure One for Paducah Lodge.

Committees Appointed Last Night to Take the Matter in Hand.

Paducah Lodge, No. 217, P. O. E., is in a prosperous condition, having money in bank at interest and money in the treasury, and one of the largest and best memberships in the city. There is much enthusiasm among the members, and they have decided to build on Elks home here, where all meetings will be held, with the club rooms as well as lodge room.

With this view Exalted Ruler A. C. Atkins last night appointed two committees to take up the work. The first one is to look after the selection of a site, suitable for an Elks hall, and is composed of: Messrs. Geo. H. R. G. Caldwell, G. D. Davis, Ed. Farley, M. W. Johnson and Wm. Knapp.

The other committee is to devise ways and means of raising the necessary amount to make the purchase and complete details.

The lodge of course does not expect that the new hall will be built up at once, but it has taken a step, and it could have not been taken too soon. The success of the plan will depend largely on the good work of the committees.
